Re: Borough of Mt. Arlington, County of Morris, State of New Jersey
TWA Application Review for Endorsement
Fieldstone at Mt Arlington
Our File No.: SCE-2903

Dear Mrs. Rinaldi:

As you are aware, our office has been working diligently on the review of documentation submitted to the Borough for the permitting of the proposed development project known as The Fieldstone of Mt. Arlington. We have coordinated requests for revisions to the required Treatment Works Approval application so it is consistent with the requirements of the rules under the jurisdiction of the NJDEP. We are presently completing our final review to confirm that the documentation received this week is acceptable for endorsement by the Mayor.

It is recommended, at this time, that a resolution be prepared for the Borough Council to grant Mayor Arthur R. Ondish the authority to endorse the TWA application as required by statute since the United Water Sewerage Treatment Plant is located in the Borough. Once I am satisfied that the documents have been revised in accordance with our requests, I will provide the Borough with a final letter recommending endorsement.

If you should have any questions on the above, please do not hesitate to contact my office.

Very truly yours,
SUBURBAN CONSULTING ENGINEERS, INC.

Daren J. Phil, PE, PP, CME
Borough Engineer
