

**BOROUGH OF MOUNT ARLINGTON
COUNCIL MEETING MINUTES
JANUARY 17, 2017**

1. Call to Order

- 2. Adequate notice** of this meeting of the Mayor and Borough Council of the Borough of Mount Arlington was given as required by the Open Public Meetings Act as follows: Notice was published in the Roxbury Register on January 4, 2017 and posted on the bulletin board in the main hallway of the Municipal Building on December 21, 2016. Notice of this meeting is on file in the Office of the Borough Clerk and has been made available to the public.

In accordance with the Open Public Meetings Act (N.J.S.A. 10:4-1 et seq.), the Borough Council opens every public meeting for comments of the public. However, in accordance with N.J.S.A. 10:4-12: "Nothing in this Act shall be construed to limit the discretion of a public body to permit, prohibit or regulate the active participation at any meeting....."

Speakers at Borough meetings shall have five minutes to present their comments to the Borough Council so as not to consume time that would otherwise be allotted to other persons who wish to speak.

3. Flag Salute

The Mayor asked for a moment of silence to think about those men and women serving around the world to protect our freedoms.

4. Roll Call

Councilman Delaney, Councilman Loughridge, Council President Sorge, Councilman Sadow, Councilman Cangiano, Councilman Windish, Mayor Stanzilis. Matthew O'Donnell, Esq., Borough Attorney, and Carolyn Rinaldi, CFO/Municipal Administrator, were also present.

5. Presentations

- Proclamation Naming January as Radon Action Month
 - Proclamation Commemorating School Choice Week
 - Concord Energy Services/Commercial Utility Consultants, Inc. Energy Aggregation Program
- Stacia Scaduto, representing Concord Energy Services and Commercial Utility Consultants, Inc., delivered a presentation on the Community Energy Aggregation Program, i.e., pooling energy usage. (A copy of the power point presentation is attached to the Minutes.) The program is through third party suppliers but Ms. Scaduto stressed the importance of the consumer protections built into this program. Ms. Scaduto described the process of putting together this program, bidding, rate reductions, and outreach, which is holding public meetings to explain the program, placing video's on the Borough website, and providing the necessary education to residents. The Mayor thanked Ms. Scaduto and associates for the presentation. Council asked the Administrator to prepare an ordinance for the next meeting. Councilman Cangiano stated both Stanhope and Wharton have had excellent experiences with this program.

9. Mayor's Report

- Attended an Eagle Scout Ceremony on January 14, 2017 for Brian Day; great ceremony, well attended.
- Attended the Board of Health Reorganization Meeting.
- The Mayor reminded Council of his challenge to them to Race to the Bottom, to have the lowest tax rate in Morris County.

10. Chief of Police Report

- Our new trainee, Ryan Caparoni, is still on field training and doing well
- Working with Councilman Delaney on OEM updates

11. Municipal Administrator's Report

- With the start of the new year, Ms. Rinaldi has attended many Council committee meetings, overall prep for the year, and continuing to work on the budget for introduction purposes.
- Noted there is a book signing at the Mount Arlington Library on January 29, 2017 at 1:30 pm. by Borough resident, former Councilman, and WWII Veteran Harry Martin. The book is entitled, I Was No War Hero. Councilman Windish added that Mr. Martin took part in the Battle of the Bulge, one of America's darkest hours.
- Borough Engineer James Landry addressed the increase in traffic accidents in late November on Howard Boulevard by the QuickChek. There were some power outages in the area which affected the traffic signal timing and we addressed the situation with the NJDOT; they reconfigured the signals and there have been less accidents since the repair on December 6, 2016. As per the direction of the Mayor and Council, we are continuing to monitor the situation and notice/evaluate any situations that may arise.
- Mr. Landry stated we have begun coordinating with our new grant writer, Millennium Strategies, to begin looking into potential safety grants that may be available in that area.

12. Council Committee Reports

Councilman Delaney:

- Working with Chief Licata on OEM and should have a resolution to present to the Governing Body at the next meeting
- Working with Councilman Sadow with the Seniors; Councilman Sadow will report

Councilman Loughridge:

- Liaison to the DPW and complimented the amount of work and quality of work accomplished by six men in the DPW

Council President Sorge:

- Nothing to report

Councilman Sadow:

- Both Councilman Sadow and Delaney are working with the Seniors, who have many trips planned and have increased their membership to over 220 members. The Councilmen, Ms. Rinaldi and the leadership of the Seniors will meet to discuss their budgeting needs, which will be incorporated into our budget and finance planning in advance of our budget introduction.
- The Finance Committee will be meeting in the near future to look into capital projects for the upcoming year.
- We have scheduled a kick-off meeting of the Economic Development Committee on February 1, 2017

Councilman Cangiano:

- Nothing to report

Councilman Windish:

- Councilman Windish, as Liaison to Recreation, listed the various activities offered by the Committee
- As Chairman of the Technology Committee, they will be meeting shortly
- Requested the Personnel Committee work with boiler plate goals and objectives for the staff.
- We will be moving ahead with the beach project. Engineer Landry stated we have currently gotten through all of the items with the exception of the review of the appraisal report, which was submitted in May, 2016, and is the only outstanding item.

13. Public Comment

Ken Kappy, 9 Harrison Way:

Resident of Nolan's Ridge and distributed the landscaping plan with yellow and blue markings; the blue representing trees or bushes that have been or will be planted, and the yellow are those in the original plan that the developer has decided not to provide. It would cost \$700,000 to complete the landscaping as outlined in the original plan and suggested this be referred back to the Land Use Board to determine the reasons for not following the original plan.

Stephen Wint, 19 Harrison Way:

Resident of Nolan's Ridge and with regard to Mr. Kappy's drawings, just wants to be sure the developer is held to his plans.

Karen Meehan, Managing Agent of Nolan's Ridge:

Ms. Meehan invited the Mayor and Council to tour the Nolan's Ridge property. Ms. Meehan stated that when reviewing the plan Mr. Kappy distributed, the Howard Boulevard point is critical because the vegetation is missing.

Ms. Meehan thanked the Fire and Police Departments for a job well done at the Seasons Glen fire on New Year's Eve.

George Kunka, 117 Ondish Court:

Resident of Nolan's Ridge and stated the builder has repaved the roads through Nolan's but some of the paving is already deteriorating; it looks like the mix they used to repair probably had some kind of recyclable materials in it and is breaking apart. Mr. Kunka feels this should be addressed before the release of bonds because it will be a problem for Nolan's Ridge residents.

Angelo Pantazes, 21 Harrison Way:

Resident of Nolan's Ridge, he wrote a letter about six months ago to the Borough Engineer complaining about the condition of the hill going into Phase III of the development because it's a disaster; the engineer replied he would be monitoring the site.

Paula Danchuk, 50 Elizabeth Way:

Regarding the resolutions pertaining to the drainage easements at Shadow Woods, she stated conservation easements are also needed for the property. The Mayor stated the easements are on the February 7, 2017 Council Meeting Agenda.

Ms. Danchuk referred to Old Business on the Agenda and the discussion regarding stipends. She wanted to voice her opinion that some of the Council members have been on Council longer than others and their years of service should be reflected in any increase in stipends.

Lawrence David Goodstein, 83 Zachary Way:

Resident of Nolan's Ridge, Mr. Goodstein stated the builder used substandard materials; the concrete is peeling off in layers off the third floor balconies, there are drainage problems on the decks, they are experiencing a lot of rot due to overall cheap material. Mr. Goodstein stated he is against releasing the bonds.

Motion to Approve: Councilman Loughridge

Second: Councilman Sadow

Roll Call

Aye: Delaney, Loughridge, Sadow, Cangiano, Windish, Council President Sorge

None Opposed

Motion Approved

Councilman Sadow, a resident of Nolan's Ridge, left the dais at this time.

- Borough Engineer Stan Puszczy stated that when the Land Use Board approved the Nolan's Ridge development, the Mayor and Council entered into a Developers Agreement with the developer. When the specifics of the project were identified, quantified, and costs were associated with the work, this information became an attachment to the Developers Agreement, which has governed the project all these years. The governing body does not have the ability to renegotiate the scope of this agreement but the developer can make an application to the Land Use Board to amend.

Borough Engineer James Landry distributed a booklet to Council containing all the paperwork, requests, work reports, etc. from the developer for the Council's review.

- Engineer Landry stated within the last six months, the roads have been rehabilitated and paved as well as both ponds have been brought to completion. The Engineers performed an evaluation based on the Developers Agreement and bonded improvements as they were set forward in that Developers Agreement. Mr. Puszczy stated this is not dismissing the balance of the work to be completed; we are crediting them for the percentage of the work that has been completed and evaluated, and the remainder of the work will then be completed. If the developer were to desire to change the landscaping plan, they would have to submit an application to the Land Use Board to amend the Developers Agreement. Every tree/shrub to be planted is on the plan, whether highlighted now in yellow, blue, etc. The Mayor stated the public is concerned that the builder is not adhering to the plan. Mr. Landry stated work still needs to be done and releasing the bonds is not dismissing the balance of the work.

PROCLAMATION

WHEREAS, radon is a naturally occurring radioactive gas that is the second leading cause of lung cancer; and

WHEREAS, prolonged exposure to radon can kill as many as 500 people in New Jersey each year; and

WHEREAS, families who reside in homes with elevated radon levels are at risk of developing serious health problems; and

WHEREAS, any home could have high levels, even when neighboring homes do not; and

WHEREAS, radon testing and be done with great ease at a relatively low expense to the homeowner, with the cost of reducing radon concentration being comparable to that of any home repair; and

WHEREAS, the New Jersey Department of Environmental Protection and the United States Environmental Protection Agency are collaborating during the month of January to promote the need for radon testing in an effort to protect the lives of our State's residents; and

WHEREAS, if all New Jersey homes with radon concentrations at or above 4 pCi/L were mitigated, about 83 lives could be saved this year.

NOW, THEREFORE, I, Michael Stanzilis, Mayor of the Borough of Mount Arlington, on behalf of the Mount Arlington Borough Council and residents of Mount Arlington, do hereby proclaim the month of January, 2017, as

RADON ACTION MONTH

in the Borough of Mount Arlington and call upon all residents who have not yet tested their homes for radon to test and to reduce radon levels if elevated levels are found, to protect their families from the serious health risk of radon.

Signed this 17th day of January, 2017

NJ Government Energy Aggregation Program

1 Background

The Government Energy Aggregation Program (L2003, c.24, “GEA Act”) authorizes municipalities and/or counties of New Jersey to establish Government Energy Aggregation (GEA) programs after passing an ordinance or a resolution. A GEA program allows municipalities, working alone or in a group, to aggregate the energy requirements of residential, commercial and municipal accounts so that the GEA program can purchase energy supply from non-utility sellers of electricity and gas supply (Third Party Suppliers or **TPS**) at prices lower than the average utility price, with the possibility of added benefits such as a higher renewable energy content.

Concord Energy Services (CES) and Commercial Utility Consultants, Inc. (CUC), are licensed Energy Agents, Energy Consultants and Private Aggregators with the NJ Board of Public Utilities and hold all essential licenses and expertise to manage the program. As the Program Manager, they have public outreach specialists to provide the necessary education, outreach, marketing and customer service. The robust outreach program is an essential part of the overall success of the GEA program.

An interested municipality may proceed with an individual municipal program and also has the ability to join and aggregate this program with other larger towns and municipalities. Each option offers greater leverage, increased buying power and securing of substantially better pricing and contract terms from the TPSs than a resident could on their own.

2 Program Highlights

- The program is supported by the Board of Public Utilities, Department of Community Affairs and the New Jersey Division of Rate Counsel.
- Electric service is still provided by the same utility company that provides service to residents now.
- Residential ratepayers DO NOT have to be a part of the program and can leave the program without ANY fees or penalties at any time.
- The rate will be obtained through an online auction platform that has been approved for this purpose by the NJ Department of Community Affairs.
- The rate of the contract will be fixed for the entire contract term up to 24 months.
- TPSs must continue to accept the terms of the Equal Payment Program (a.k.a. Budget Billing).
- All TPSs that have the opportunity to bid on the program must be licensed and bonded with the NJ Board of Public Utilities and be in good standing.
- The law requires opt out only. We have a very low percentage of opt outs in our program due to our extensive public outreach efforts.
