

BOROUGH OF MOUNT ARLINGTON

LAND USE BOARD PROCEDURES

419 Howard Blvd., Mt. Arlington, NJ 07856

(973) 398-6832 ext. 114

kappleby@mtarlingtonboro.com

These rules shall be applicable to every application submitted to the Land Use Board of the Borough of Mount Arlington, unless specifically waived. (See section on Waiver Requests.) Failure to comply with the provisions set forth below will result in a delay in your application being processed. It is recommended that you read through this entire procedure document before commencing in the preparation of your application.

I. Initial Application Submission

1. **Submission for Completion:** The applicant shall submit one (1) copy of all pertinent data as requested by ordinance. These requirements are also summarized in the Land Development Checklists of the Borough. Applications are to be submitted to the Land Use Board Secretary with the required completeness checklist and any additional information as requested below. The Borough will proceed with a formal review of the information provided, to determine if the application is complete. The Borough will provide a report summarizing the review of the documentation. This report will either verify that the documents are acceptable or provide a description of all deficiencies. Any incomplete application will not be considered by the Board at a publicly noticed meeting. Applicants are advised that the time limit for the Board to act does not begin to run until such time as an application is deemed complete. The applicant shall submit the appropriate application and escrow review fees as calculated by ordinance with the submission of the application. A fee calculation shall accompany the application providing the breakdown of both fees. (See Fee Schedule) The application will be reviewed by the Board Secretary and the Borough Engineer who will review the application for completeness. Upon reviewing the application documents as a complete submission, the application will be placed on the next available Land Use Board Meeting agenda to be accepted as complete by the Board. If accepted as a complete application, the Board will schedule a date for the public hearing.

Waiver Requests: Waiver requests shall be submitted in writing for each item that is not being provided. The Applicant shall provide a detailed description of what is not being provided and the supporting information as to why the waiver should be granted. It should be noted that the Board will require all pertinent data that may arise during the hearing. This will minimize the potential of adjourning an application for additional information to be provided. It is the intent of the Borough's procedures to require all pertinent information prior to the public hearing.

2. **Preparation of Plans:** Pursuant to law, all plans submitted to the Land Use Board must be signed and sealed by a Professional Engineer and/or Architect, licensed to practice in the State of New Jersey. All plans must be based on an accurate boundary survey prepared by a Land Surveyor licensed to practice in the State of New Jersey. This requirement is jurisdictional and cannot be waived by the Board.

3. **Payment of Taxes:** No application will be considered by the Board unless the applicant provides proof that his/her taxes, sewer fees, and any other relevant municipal assessment accounts are current. The applicant is required to provide proof that no outstanding assessments exist on their property.
4. **Escrows:** Every applicant is obliged to maintain an escrow account in an amount sufficient to offset the costs of processing the application. No application will be heard if the escrow balance is insufficient to attend to the costs of processing same and has not been replenished at least ten (10) days in advance of the assigned public noticed meeting. All escrow fees required by Ordinance must be posted with the Board before an application can be heard. No final maps, plats, deeds, or approvals will be signed unless all escrow balances have been paid in full. Any applicable vouchers submitted by the Board's professionals incurred during the review of the application, will be deducted from the applicant's escrow. If the vouchers exceed the deposit, the applicant will be required to deposit additional funds immediately.
5. **Time of Submission and Action by Board:** Each application will be reviewed for completeness in accordance with NJSA 40:55D and will be acted upon by the Land Use Board. Applications considered complete will be scheduled for a noticed public meeting. Any application considered incomplete will require resubmission of all corrected documentation. Any document which will be considered on an application before the Board must be received at the Board Secretary's office no later than twenty (20) calendar days prior to such noticed public meeting.

II. Submission of Complete Application

1. **Post Completeness Review and Acceptance Submittal:** Every applicant shall submit one (1) original with full size plans, one (1) copy with full size plans and fifteen (15) copies with half scale plans of the complete application containing all documents identical to the information provided as the submission for completeness. It should be noted that the font size used on the full-size plans must be equivalent to a minimum of 10-point font size when reduced to half scale. (Example of ten (10) point font size) Illegible documents will not be accepted by the Board Secretary. The Board may request that additional municipal agencies be provided with copies of the application and supporting documents.
2. **Proof of Service and Notice Requirements:** In all cases in which a variance is requested, on all appeals, requests for interpretations and subdivision applications (except final subdivision), it is the responsibility of the applicant to provide notice of the application. Applicants are advised that the notice requirements are also jurisdictional. Therefore, the Board cannot consider or approve an application unless proper notice has been given. At least ten (10) days prior to the date set for the public hearing on your application, you must serve notice either personally or by certified mail, to all owners of property within 200 feet of the property which is the subject of the application. ***If you choose to serve notice personally, you must physically hand the notice to the property owner and have him/her sign a receipt. It is not sufficient to leave it in the mailbox.*** A certified list of property owners must be obtained from the office of the Tax Assessor for a fee in accordance with the fee schedule. The list you use for notice must be no more than 90 days old at the time you send your notice. In addition to notifying residents within 200

feet within the Borough, you are required to serve notice upon residents in other municipalities, if your property is within 200 feet of theirs, and also to the municipal clerk of the neighboring Municipality, if applicable to the subject property.

This list is not intended to be exclusive, and notice is the applicant's responsibility. You are also required to publish notice of your application in an official Borough newspaper, at least ten (10) days before the public hearing. This requirement is also jurisdictional. If, for any reason proper notice is not published at least ten (10) days before the hearing, your application cannot be heard and you will be compelled to re-notice for the public meeting for which your application is re-scheduled.

You must also submit a completed application to the Morris County Planning Board, P.O. Box 900, Morristown, New Jersey 07963-0900 for all major and minor subdivisions, and site plans with greater than one (1) acre of impervious surface.

On any application for which, by law, the applicant must provide notice of the hearing, applicant shall, no later than five (5) days prior to the hearing, provide proof of such notice and proof of publication to the Board Secretary. Such proof shall be in the form of an affidavit setting forth the name and address of the affiant, the address of the property and the name of the applicant, and affixing thereto the original postal receipts for the certified mail letter mailed to individuals and entities entitled to notice, a copy of the notice sent, the certified list of property owners obtained from the Tax Assessor, and the original proof of publication in the official newspaper designated by the Board. Failure of the applicant to provide such proof in a timely manner shall result in the hearing being adjourned. ***Proof of publication will not be accepted at the meeting itself.***

3. **Payment of Fees:** Fees shall be paid by the applicant in such amount as is set forth on the fee schedule as established per Borough Ordinance. Additional fees, as stipulated by Ordinance, may be requested. These requests will be brought to the applicant's attention by the Board or a Board representative.
4. **Duplicate Audio Recordings:** Audio Recordings of any Board Meeting can be purchased from the Board by making a request in writing to the Borough Deputy Clerk and tendering a fee in accordance with the fee schedule.
5. **Consent of Owner:** In the event that an applicant before the Board is someone other than the owner in fee of such property, an application for development shall be deemed complete by the Board only when the owner has provided consent in writing for the application to proceed.

6. **Outside Agency Review:** The applicant is required to obtain and provide copies of all outside Agencies' permits which have jurisdiction on the subject application. A list of all outside agencies having jurisdiction on the subject application must be provided in the application documents.

III. Public Hearing Process

1. **Submission of Additional Documents:** Should it be determined that additional information concerning the application is required, the applicant is required to provide the requested documents, revised plans or maps. The applicant may also elect to supplement the application with such documents, revisions or modifications provided that such documents are submitted to the Board and the appropriate municipal agencies no later than twenty (20) days prior to the date the application is scheduled to be heard. The applicant must provide seventeen (17) copies of each supplemental document to the Board Secretary. Any supplemental submission of plans should follow full size/half scale requirements as previously requested.
2. **Appearances Before the Board:** Corporate applicants must be represented by legal counsel. You may represent yourself if you are an individual applicant. If you are not representing yourself before the Board, the only person that can appear for you is an attorney. Although an attorney is not required for individual applications, you may elect to be represented if you do not understand the documents that are required or the nature of the testimony that you must provide.
3. **Burden of Proof:** On any application for development, the burden of proof is upon the applicant to demonstrate, to the satisfaction of the Board, that he/she is entitled to the approval requested. This must be done through the submission of evidence which the Board is permitted by law to consider. Petitions, letters, affidavits, and the like are generally not proper proofs. On specialized questions, such as engineering matters, planning matters, the impact of development, the effect upon surrounding properties or the Borough as a whole, expert testimony may be necessary. An applicant who proceeds before the Board without such experts does so at his/her own peril and risk. Applicants are strongly urged to seek the advice of competent counsel and professionals, especially on applications involving complex issues.
4. **Public Hearings:** All applications for development, except for those specifically exempted by statute, shall be considered at public hearings. All persons testifying before the Board must swear or affirm that they will tell the truth or be subject to punishment. The applicant shall present his/her case, with all witnesses being subject to cross-examination by any interested party and questioned by members of the Board and the Board professionals. The applicant and/or representatives must be present at a hearing for his/her application to be considered. It is the responsibility of the applicant to be prepared on all aspects of his/her proposed project. Should an applicant be unable to satisfy the concerns of the Board, resulting in the necessity to provide additional testimony, the public hearing will be carried to subsequent scheduled meetings.

IV. Post Hearing Process

1. **Resolution:** At the conclusion of the testimony, a Board Member will make a motion to either grant or deny the application. A vote will be taken and recorded. The Board Attorney will be responsible for the preparation of a resolution summarizing the details of the application, the variances requested and the action of the Board. This resolution will be distributed to the Board Members, prior to the next meeting, for their review. The draft resolution is then voted upon at the following meeting (barring any revisions) and memorialized by the Board.
2. **Formal Endorsement of Final Plans:** Prior to formal endorsement of the plans, the applicant is responsible to revise the plans in accordance with all the conditions in the memorialized resolution. Upon making all required revisions, the applicant must submit one (1) full size copy of the revised plan to the Board Secretary. The Board Professionals will review and verify that all required revisions were made.

The Board Secretary will notify the applicant that the revised plans are acceptable or distribute a letter report of the deficiencies. Once the plan has been deemed acceptable, six (6) additional full-size copies will be required for endorsement by the Board Engineer and Land Use Board representatives. A pre-requisite to the endorsement of the final revised plans will be the receipt of copies of all outside agency permits and any other conditions as listed in the resolution of approval. The adopted resolution and copies of the signed plans will be distributed to the appropriate Borough Departments. Four (4) sets of endorsed plans will be returned to the applicant for their files. The applicant is now eligible to apply for a building permit; one copy of the endorsed plans and resolution must accompany the applicant's construction permit application.

3. **Public Notice of Resolution and 45-day appeal period:** The Board Secretary will publish notice of the Board's decision regarding an application in the Borough's official newspaper. Publication is done after memorialization of a resolution. Be advised that the Board's decision can be appealed within forty-five (45) days from the date this notice is first published. Any questions concerning the possibility of an appeal should be directed to an attorney representing the applicant.
4. **Refund of Unexpended Escrow:** The applicant will receive a refund of any escrow balance remaining after all vouchers pertaining to the application have been submitted. A written request must be submitted to the Board Secretary stating that the application process is complete and all remaining escrow money may be returned. This process can take up to three (3) months from the time of issuance of a Certificate of Occupancy/Approval by the Construction Department since the refund request must be approved by the Board, and then Borough Council prior to being received by the Finance Department

The “A” Variance”:

The Board has the authority to hear and decide appeals where the applicant alleges the Borough’s Zoning Officer has made an error in his or her enforcement of the Borough’s Zoning Ordinance:

“Hear and decide appeals where it is alleged by the appellant that there is error in any order, requirement, decision or refusal made by an administrative officer based on or made in the enforcement of the zoning ordinance.”

Should the Board rule in favor of the appellant, the appellant would then be obliged to acquire the necessary zoning permit from the Borough’s Zoning Officer and provide a copy of the formal decision to the Zoning Officer. Should the Board rule in favor of the Zoning Officer, the denial would stand and an application for obtaining the applicable “C” or “D” Variance would be required.

The “B” Variance:

The Board may hear and decide applications where the applicant is seeking interpretation of the zoning map or ordinance in any areas where ambiguities may exist.

“Hear and decide requests for interpretation of the zoning map or ordinance or for decisions upon other special questions upon which such board is authorized to pass by any zoning or official map ordinance...”

Upon hearing a request for an interpretation, the Board will make a decision that will be documented in writing. An appellant can then proceed with processing a zoning permit or variance application as may be deemed necessary.

The “C” Variance:

When applying for a “C” Variance, or a Hardship Variance, it does not mean a “personal” hardship, but rather a hardship to the property, such as stated in the Municipal Land Use Law:

“Whereby reasons of exceptional narrowness, shallowness or shape of a specific piece of property, or by reason of an extraordinary and exceptional situation uniquely affecting a specific piece of property or the structures lawfully existing thereon, the strict application of any regulation pursuant to Article 8 of this act, would result in peculiar and exceptional practical difficulties to, or the exceptional and undue hardship upon the developer of such property, grant, upon an application of such regulation so as to relieve such difficulties or hardship.”

The following are not reasons to grant a “C” Variance:

1. Increase in value – the mere fact the value of the land will be increased is no reason to grant a variance.

2. Self-Inflicted Hardship – Those who purchase property with full knowledge of the limitations imposed by the zoning and then allege that these measures restrict them in the use of their land, unless it can be proven that there have been changes in the character of the land or neighborhood which have occurred since the purchase which make it impossible to carry on without hardship under the terms of the ordinance.

If the subject property is lacking in frontage or area or side yard requirements and adjacent property is available to secure the current lack in size, the property owner should attempt to make reasonable effort to purchase enough additional land to conform to the ordinance. Proof of making a reasonable effort must be provided to the Board.

It must be determined that the hardship incurred stems from physical peculiarities of the subject property and no other cause. It must be found that alleged hardship does not stem from the personal problems of the property owners. Illness, physical disability or unemployment cannot provide a basis for granting of a variance.

Testimony for “C” Variance:

As a brief explanation to illustrate the process requirement, the applicant should be prepared to provide the following information during the public hearing for a “C1” Variance (Hardship Variance). It should be noted that this is provided as an example, and does not limit the responsibility of each applicant to fulfill the requirements of their burden of proof to support the request for a variance. It should be further noted that not all “C” Variances are associated with a hardship resulting in the necessity to provide testimony in support of “the special reasons” for granting a “C2” Variance.

1. Dimensions of all existing and proposed structures on the subject property and the existing and proposed impervious coverage.
2. Setbacks (front, side and rear) of all existing and proposed structures on the subject property.
3. Approximate setbacks of homes on the neighboring lots. Be prepared to identify the name of the property owners as well as block and lot number.
4. Is there any location on the property that would support the proposed addition that would not require a variance? Explain why other alternatives would not be feasible due to the topography of the site, trees, rock formations, location of the well and septic, etc.
5. Using the floor plans, identify all existing and proposed rooms and the use of each room or living space along with how the proposed room geographic location and arrangement is required.
6. Is it possible to build upwards instead of outwards?
7. Provide photographs if they will be helpful in the proving of your case.
8. Do the benefits of approving the variance requested outweigh the detriments or negative impact that might occur by granting the variance? These requirements are further explained in the Municipal Land Use Law.

The “D” Variance:

A “D” or Use Variance denotes a change in use that is specifically prohibited by the Borough’s ordinance. The Municipal Land Use Law states that no use variance or other relief may be granted unless such variance or other relief can be granted without substantial detriment to the public good and will not substantially impair the intent and the purpose of the zone plan and zoning ordinance. The following is a list of deviations that classify as a “D” or Use Variance:

D1 – A use or principle structure in a district restricted against such use or principle structure.

D2 – An expansion of a non-conforming use.

D3 – Deviation from a specification or standard pursuant to Section 54 of P.L. 1975, c. 291 (C. 40:55D-67) pertaining solely to a conditional use.

D4 – An increase in the permitted floor area ratio as defined in Section 3.1 of P.L. 1975, c. 291 (C. 40:55D-4).

D5 – An increase in the permitted density as defined in Section 3.1 of P.L. 1975, c.291 (C. 40:55D-4) except as applied to the required lot area for a lot or lots for detached one or two unit buildings, which lot or lots are either an isolated undersized lot or lots resulting from a minor subdivision.

D6 – A height of a principle structure which exceeds by ten feet or 10% the maximum height permitted in the district for a principle structure

An applicant must obtain five (5) favorable votes, a “Super Majority,” from the Board in order for the variance relief to be granted. An applicant’s presentation to the Board during the public hearing must include, but not necessarily be limited to, responses to the following questions:

1. Would granting of the variance contribute in a significant way to the general objectives of zoning and to the community’s Master Plan, in particular?
2. Is the applicant being deprived of the value of his/her property under the current zoning ordinance unless the variance is granted?
3. Is the nature of the lot and its surrounding neighborhood such that the applicant could not possibly use it for any permitted use?
4. Would granting of the variance be detrimental to the public good or substantially impair the zone plan?
5. Does the proposed use of the application advance the purpose of Zoning as listed in the Municipal Land Use Law?

NOTE: Due to the complex testimony necessary in support of a “D” variance, it is recommended that the applicant retain counsel. It is further recommended that a Professional Planner licensed in the State of New Jersey be retained to provide the reports and testimony in support of this type of application.

MOUNT ARLINGTON
APPLICATION FOR DEVELOPMENT
(Refer to Zoning Permit Denial form to complete application, if applicable)

CASE NO: _____ DATE: _____

Name of Applicant Telephone Number

Address of Applicant

Name of Owner Telephone Number

Address of Owner

1. An application is hereby made for hearing by the Land Use Board to:

_____ N.J.S.A. 40:55D-34 – Building in bed of mapped street, drainage way or flood basin. (Planning Variance)

_____ N.J.S.A. 50:55D-36 – Building adjacent to an unimproved street. (Planning Variance)

_____ N.J.S.A. 40:55D-37 – Site Plan / Subdivision Approval.

_____ N.J.S.A. 40:55D-70(a) – Appeal from determination of Zoning Official.

_____ N.J.S.A. 40:55D-70(b) – Interpretation of zoning map or special question.

_____ N.J.S.A. 40:55D-70(c) – Bulk Area Variance.

_____ N.J.S.A. 40:55D-70(d) – Use Variance.

2. The purpose of this application is to: _____

3. This application is based on the decision rendered by the Zoning Official dated _____
(Appeal & Variances Only)

4. The section(s) of the Mt. Arlington Land Development Ordinance the appeal is based on:

(Appeal & Variances Only)

5. (a) Applicant asserts that the reasons for the Board to grant relief are:

(Appeal & Variances Only)

(b) The specific facts upon which the above reasons are based are:

(Appeal & Variances Only)

6. The specific facts which show that any relief sought can be granted without substantial detriment to the public good and will not substantially impair the intent and purpose of the zone plan and zoning ordinance are:

(Appeal & Variances Only)

7. There (has) (has not) been a previous application involving the premises affected. If so, the date of filing, character of request and disposition:

8. Premises affected are known as Block _____ Lot _____ on the Tax Map of the Borough of Mount Arlington and located at:

(Please fill in street address and/or cross streets or Landmarks to identify lot(s))

9. Zone: _____ Is there community water? _____ Well? _____

Is there community sewerage? _____ Septic System? _____

10. Description of property, structure or use: _____

Size of lot in square feet: _____

Dimensions of Lot:

Across front _____ feet Depth _____ feet Across rear _____ feet

11. Present size of building at street level and setbacks:

Width _____ feet Depth _____ feet

Height _____ feet Stories _____

Front yard setback _____ feet Rear yard setback _____ feet

Side yard(s) setback _____ feet and _____ feet

Front yard setback abutting a side street on a corner lot _____ feet

12. Proposed size of building at street level and setbacks with addition/alteration:

Width _____ feet Depth _____ feet _____ feet

Height _____ feet Stories _____

Front yard setback _____ feet Rear yard setback _____ feet

Side yard(s) setback _____ feet and _____ feet

13. Date of acquisition of property: _____

Property purchased from: _____

Prevailing front yard setback of adjoining lots: _____ feet

14. The application (is) (is not) accompanied by a separate application for subdivision /site plan.

Will an attorney represent the applicant? If so, please indicate the attorney's name, address, and telephone number below.

Also, please indicate any additional parties (i.e. architect) below who may contact the Board concerning your application.

Date

Signature of Applicant and/or Attorney

NOTE: All property owners must sign this application.

	<u>Applicant</u>			<u>Reviewing Official</u>	
	Complete	N/A	Waiver Requested	Complete	Incomplete
8. The boundaries of the tract in question, with dimensions of same. Where it is physically impossible to show the entire property on the required sheet, a key map is permitted.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
9. Location of existing easements of rights-of-way including power lines.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
10. Location of natural features, including woodlands, streams and other water bodies, wetlands, flood hazard areas and rock outcrops, as well as locations of mining activity. If such features are located on adjacent property, but have the potential to affect the site development, they shall be shown.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
11. Existing and proposed topographic contours of the site and adjacent areas affecting the site. Contours to determine the natural drainage of the land. Intervals shall be: up to 10% slope – 2 feet; over 10% slope – 5 feet.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
12. Location of existing and proposed buildings, including accessory buildings, and their setbacks from property lines. Lines indicating the minimum required front, side and rear setbacks for principal buildings shall also be shown. The approximate location of existing buildings and paved areas on adjacent properties shall also be shown.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
13. If new buildings, expansion of existing buildings or interior renovations are proposed, floor plans for existing and proposed buildings shall be submitted, showing the use and layout of internal space, and front, rear and side building façade elevations, both at a scale not exceeding eight (8) feet per inch.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
14. Location and design of existing and proposed parking, loading, access and circulation improvements, showing dimensions of same.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
15. Existing and proposed signs, including the size, materials, nature of construction, location and illumination of same. If no signs are proposed, a statement indicating same shall be submitted.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

	Complete	N/A	Waiver Requested	Complete	Incomplete
PLAN ACCURACY & LEGIBILITY SUFFICIENT FOR REVIEW				<input type="checkbox"/>	<input type="checkbox"/>
PLAN PREPARED BY LICENSED PROFESSIONAL				<input type="checkbox"/>	<input type="checkbox"/>
PLANNING REPORT PREPARED BY P.P.:			<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
1. A general description of the proposed development and a brief assessment of its effect on the site, adjacent properties, the neighborhood and the Borough as a whole, including but not necessarily limited to effects upon the natural environment, land use patterns, traffic and circulation, visual factors, utilities and drainage.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
2. A key map showing location of tract to be considered in relation to the surrounding area, within at least 200 feet of the subject site.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
3. Title block containing name of applicant and owner, preparer, lot and block numbers, date prepared and date of last amendment.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
4. Scale of map, both written and graphic. The scale shall contain no more than 50 feet to the inch.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
5. North arrow.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

	<u>Applicant</u>			<u>Reviewing Official</u>	
	Complete	N/A	Waiver Requested	Complete	Incomplete
6. Zoning district in which parcel is located, and the zone district of adjacent property, with a table indicating all setbacks, lot widths, lot coverage, floor area ratios, and density, both as to required and proposed, for the subject property.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
7. The location and width of any abutting streets, both right-of-way and pavement.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
8. The boundaries of the tract in question, with dimensions of same.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
9. Location of existing easements of rights-of-way including power lines.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
10. Contours to determine the natural drainage of the land. Intervals shall be: up to 10% slope – 2 feet; over 10% slope – 5% feet.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
11. Location of natural features, including woodlands, streams and other water bodies, wetlands, flood hazard areas and rock outcrops, as well as locations of mining activity.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
12. Location of existing buildings and structures and their setbacks from property lines and location of existing buildings and structures within 200 feet.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
13. Preliminary floor plans and building facade elevations for existing and proposed buildings.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
14. Location of existing and proposed parking loading, access and circulation improvements, as well as signs.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
15. Location and description of existing and proposed landscaping.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
16. A copy of the certified list of property owners within 200 feet of the subject property prepared by the Tax Assessor. Said certified list shall be no more than 90 days old.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
17. Planning Report stipulating proof of variance in accordance with criteria established in the M.L.U.L.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

SCHEDULE 10

BOROUGH OF MOUNT ARLINGTON GREEN DEVELOPMENT APPLICATION CHECKLIST [Adopted by Ord. No. 10-2015]

Overview

The Borough of Mount Arlington requires completion of this Green Development Checklist as part of any application for site plan or subdivision approval. While completion of this checklist is mandatory, it is for informational purposes only, and provides the Borough with important information regarding the use of various sustainable development practices within the municipality.

The Green Development Checklist is divided into three (3) sections, each weighing the potential impacts of the proposed development:

1. The first section addresses the proposed development site within its regional and local context, examining its physical location, development capacity and connectivity and connectivity to infrastructure;
2. The second section addresses development of the site itself; and
3. The third section addresses green building practices for structures on the site.

Instructions

For each question, please check "YES" or "NO" and provide a brief explanation of how the development will address this practice or why the practice is not used or otherwise inapplicable.

Green Development Checklist

Section 1: Regional and Local Context

	Yes	No
Is the site a redevelopment, brownfield or infill location? Comments:	<input type="checkbox"/>	<input type="checkbox"/>
Is the site served by public transit, pedestrian and bicycle networks? Comments:	<input type="checkbox"/>	<input type="checkbox"/>
Is there train service within ¼ mile or bus service within 1/4/ mile? Comments:	<input type="checkbox"/>	<input type="checkbox"/>
Are the roads within the development designed as "Complete Streets?" Comments:	<input type="checkbox"/>	<input type="checkbox"/>
Does the development include historic preservation or adaptive reuse of existing facilities? Comments:	<input type="checkbox"/>	<input type="checkbox"/>

	Yes	No
Does the site's location, scale or use support any historic building conditions off site within its context? Comments:	<input type="checkbox"/>	<input type="checkbox"/>
Does the development provide or increase the following:		
• A mix of land use types? Please list Comments:	<input type="checkbox"/>	<input type="checkbox"/>
• Housing diversity by type and income? Comments:	<input type="checkbox"/>	<input type="checkbox"/>
• Civic and public spaces (or have proximity to them)? Comments:	<input type="checkbox"/>	<input type="checkbox"/>
• Recreation facilities and green space/parks (or have proximity to them) and is it part of an integrated ecological network? Comments:	<input type="checkbox"/>	<input type="checkbox"/>
• Alternative parking designs such as reduced Parking ratios, a percentage of compact stalls, Banked parking, shared parking, priority parking For low emission vehicles and provisions for Bicycle storage? Comments:	<input type="checkbox"/>	<input type="checkbox"/>
• Open space? Comments:	<input type="checkbox"/>	<input type="checkbox"/>
• Natural features? Comments:	<input type="checkbox"/>	<input type="checkbox"/>

Section 2: Site Development

Does the design provide for the following:		
• Minimum site disturbance during Construction?	<input type="checkbox"/>	<input type="checkbox"/>
• Low impact Design features:		
1. Bio-swales?	<input type="checkbox"/>	<input type="checkbox"/>
2. Rain gardens?	<input type="checkbox"/>	<input type="checkbox"/>
3. Green Roofs?	<input type="checkbox"/>	<input type="checkbox"/>
4. Pervious pavements?	<input type="checkbox"/>	<input type="checkbox"/>
5. Green Walls?		
6. Trees?	<input type="checkbox"/>	<input type="checkbox"/>
7. Indigenous species (non-invasive Species, low maintenance landscaping)?	<input type="checkbox"/>	<input type="checkbox"/>
8. Does the site provide for onsite management of vegetative waste?	<input type="checkbox"/>	<input type="checkbox"/>
• Regenerative Design?	<input type="checkbox"/>	<input type="checkbox"/>
1. Does the site design for habitat, wetlands or water body conservation?	<input type="checkbox"/>	<input type="checkbox"/>
2. Does the site design include restoration of habitat, wetlands, or water bodies?	<input type="checkbox"/>	<input type="checkbox"/>

- | | Yes | No |
|---|--------------------------|--------------------------|
| 3. Does the project include long-term Conservation management of habitat, Wetlands or water bodies? | <input type="checkbox"/> | <input type="checkbox"/> |

Does the site minimize heat island effects through reduced paving, landscaping or other methods?

Comments:

Does the site provide alternatives to single occupancy vehicles such as van spaces, bike storage and changing facilities, and alternative energy vehicle parking?

Comments:

Does the site include Light Pollution Reduction and energy efficient sit lighting and controls?

Comments:

Does the site consider landscape and stormwater maintenance specifications that employ integrated pest management post-bond to assure implementation for five years after occupancy?

Comments:

Section 3: Green Building

Does the building(s) meet the criteria for a Certified Green Building?

Comments:

Is the building oriented to maximize benefits of daylighting, viewsheds and energy and to minimize detrimental impacts on surrounding sites?

Comments:

Water Reduction

Does the building provide a 20% or greater reduction Beyond minimum water efficiency standards set by the EPA or local government whichever is greater?

Comments:

Does the building employ water conservation Features – including low-flow fixtures, waterless Urinals, sensor-controlled faucets?

Comments:

Does the building incorporate rainwater, gray water, Storm water capture and reuse?

Comments:

Is wastewater treated on site and recharged to the ground?

Comments:

Energy

Does the building reduce energy usage through efficient Heating and cooling, geothermal technology, enhanced Daylighting, efficient lighting, occupant controls and an Efficient building envelope?

Yes

No

Comments:

Does the project incorporate Energy Star-labeled building products?

Comments:

Does the building include onsite energy generation?

Comments:

What are the anticipated carbon emission reductions?

Comments:

Indoor Air Quality

Is natural ventilation and efficient use of outdoor Air during heating and cooling periods utilized?

Comments:

Are other measures being used to improve indoor air quality?

Please describe:

Materials

Is an existing building being reused? 100%, 75% 50%?

Comments:

Are there construction waste management plans in place?

Comments:

Are there solid waste management plans in place?

Comments:

Are building materials reused?

Comments:

Do building materials contain recycled content?

Comments:

Are building materials sourced within the region (within 500 mile radius)?

APPLICATION FEES

All applications for development, interpretation of the Land Development Code or to appeal a decision of the Zoning Officer, shall be accompanied by a processing fee as listed below. This is a non-refundable fee used to defray the cost of processing the application.

Residential Application Fee:	One-Hundred Dollars (\$100)
Non-Residential Application Fee:	Two-Hundred Dollars (\$250)

ESCROW DEPOSIT(S)

In addition to the application fees required above, all applicants shall be responsible to reimburse the Borough for payments made to professionals for services rendered to the Borough related to such application, appeal or other matter. Such services shall include the review of applications for development, review and preparation of documents, inspections of improvements or other purposes under the provisions of this chapter of the Municipal Land Use Law.

(1) Initial Development Deposit

Applications for development shall be accompanied by an initial escrow deposit as listed below:

Residential Application Fee:	One-Thousand Dollars (\$1,000)
Non-Residential Application Fee:	Two-Thousand Five-Hundred Dollars (\$2,500)

(2) Interpretations and Appeals

Applications for an interpretation of the Land Development Code or to appeal a decision of the Zoning Officer shall be accompanied by an escrow deposit of five-hundred dollars (\$500) for each section or subsection of the code for which interpretation is requested, if professional services are required by the Borough.

Application to appeal a decision of the Zoning Officer shall be accompanied by an escrow deposit of five-hundred dollars (\$500) for each decision being appealed, if professional services are required by the Borough.

(3) Requests to amend Master Plan, Zoning Map or Land Development Code

A request made to the Land Use Board to propose an amendment to the Master Plan, Zoning Map or Land Development Code shall require an initial deposit in accordance with the item (1) above. For requests concerning a zone change from residential to non-residential and vice versa, the initial deposit shall be as required for non-residential development. For requests concerning a regulation applicable to residential and non-residential development, the initial deposit shall be as required for residential development.
